Dear Sir,

Thanks for your mail with the photos, I've reached safely to my family, but still feeling that I'm in touch with you, the task you've done within the couple of days was simply praiseworthy, the coordination among yourself and intimacy to us was just more than I can say, which I would never forget, should not be mentioned individually as I don't know everybody.

Anyway thank you all, invitation to Bangladesh, specially to Dr. KZaman BNSB eye hospital Mymensingh. Hope our good hearted relationship.

Best regards.
